Dispensing Propane Safely Program

Dispensing Propane Safely is an employee training program that details the many tasks associated with the safe and effective dispensing of propane into several types of propane cylinders and tanks, including those found at retail locations, bulk plant and forklift operations. Attendees will receive a certificate of completion.

The first five modules in the program apply to almost all propane dispensing operations, including those at retail locations:

- Introduction to Dispensing Propane Safely
- Properties and Characteristics of Propane
- Dispensing Station Equipment
- DOT Cylinders
- Inspecting, Filling, and Labeling Small Cylinders
- Refueling, Maintaining, and Troubleshooting Forklift Cylinders
- Refueling ASME Motor Fuel and RV Tanks
- Emerging Technologies
- Retail Cylinder Exchange Operations
- Bulk Plant Dispensing Equipment and Purging
- Safely Fueling Propane Lawn Equipment
- Safely Fueling Propane-Powered School Buses
